**LEGAL AID PROCUREMENT REVIEW**

I just thought I would send you a quick note to say how pleased I am with the co-operation the Review is receiving from the Bar Council.

As you know, I am taking an iterative approach with the Review so that we can gain a better understanding of the key issues facing the legal profession. This means it is essential that the Review is properly engaged with the Bar so we can listen to their concerns and test ideas as the Review progresses. I am therefore very grateful for the Bar Council for their constructive engagement, and help in putting together a programme of regional visits and providing the names of chambers that we should visit.

I very much hope this co-operation continues as the Review progresses, and that the Bar Council will also provide a similar level of assistance to the consultants taking forward the costs and efficiency work I have commissioned.

Once again thank you for your support.

Yours sincerely

**LORD CARTER OF COLES**
